## **MARKET HIGHLIGHTS**

National summary totals continue their decline into the second ad period of the new month. The one bright spot is incentives to purchase which increase significantly in most regions of the country. The whole bird category reduces price slightly, while volumes remain about the same. B/S breast offer a few deals in bulk pack; tenders also lower prices slightly. Split breasts are back on the scene after taking a rest during last week's run. Leg quarters drop volumes and price, Thighs and drums also reduce volumes and price this week. IQF pushes party wings with an increase in volume and a price hike. The deli offers fried eight piece and finger foods. Specialty items pushes dark meat and breast items. Organics wait for another day. Retailers continue to offer early enticements to consumers to pick up their upcoming seasonal items.
